...and click the login button. Once logged in, you will be asked to select one of eight research services.

Each service offers different resources and will take you through its own search engine filter.

Search Results

Results are listed by date with the most current articles at the top. You have the option to print, email or save the results to your computer. All materials have copyright clearance to create a single copy, however multiple copies for distribution is strictly prohibited. If a search is done on more than one database the search screen will be less detailed, but will produce broader results.

| Search within Full Text - search entire article | |

EBSCO Host Services

EbscoHost Web is an accumulation of many databases of which you may select any combination.

Funk & Wagnalls New World Encyclopedia - contains over 25,000 encyclopedic entries covering a variety of subjects.

Ebsco Animals - provides in-depth information on a variety of topics relating to animals. The database consists of indexing, abstracts, and full text record describing the nature and habitat of familiar animals.

Primary Search - provides full text for more than 70 popular magazines for elementary school research. Full text information dates as far back as 1990.

Middle Search Plus - provides full text for more than 140 popular middle school magazines, 84,774 biographies, 105,786 primary source documents, and an Image Collection of 341,655 photos, maps and flags.

Canadian Reference Centre - combines Canadian magazines, newspapers, newswires and reference books. Includes Canadian and International (U.S. and U.K) periodicals.

Academic Search Elite - contains full text for more than 2,000 journals, some going back to 1985. This multi-disciplinary database covers virtually every area of academic study.

MasterFILE Premier - provides nearly 1,750 general reference publications with full text information dating back as far as 1975 covering every topic of general interest.

EBSCO Host Services

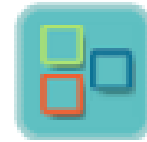

Student Research Center

is designed for secondary school students. Users can easily pre-determine which content sources (e.g. magazines, newspapers, biographies, country reports, film or video) will be included with their search. They can also search their databases by topic heading, make use of an online dictionary and encyclopedia, explore the top searches of the day and even limit their search according to appropriate Lexile reading levels.

Canadian Student Research Center

is exactly tailored for secondary students in Canada. With the same search engine as the **Student Research Center**, this service provides Canadian specific content.

Kids Search

is meant for elementary/middle school students. This interface combines a state-of-the-art search engine (powered by EBSCO Host) with a child-friendly, graphically-rich design that is both powerful and fun to use.

Canadian Reference Centre

provides access to magazines, newspapers, newswires and reference books to create the largest collection of regional full text content available to Canadian libraries. 85,639 full text biographies and an Image Collection of 285,912 photos, maps and flags.
